9715	09/01/01	3	Caller tried to call nbr and said CA used profanity. TTY user said they gave the nbr over and over again and the caller kept typing the nbr you're calling to please.	09/06/01	Agent was addressed regarding call and he was informed that profanity will not be tolerated at all, and if there is a problem w/a call or a customer - please ask for supe assistance. Agent will be closely monitored by QA to make sure professionalism is maintained during call processing.
6520	09/03/01	35	Customer came on TTY line and called the agent a mother f----- & told then to dial a Sprint opr. Supe came on line and asked that the customer refrain from verbally abusing agent. Customer began to verbally abuse supe and again supe asked customer to refrain from abusive language. Supe then dialed nbr for customer & when OB came on, TTY hung up.	09/03/01	No further resolution required.
9719	09/04/01	17	Customer stated that agent threatened to hang up. Thanked the caller and explained that the agent would be spoken to and that their complaint would be filed.	09/06/01	Agent states that she does not remember this call and would never hang up or threaten a customer. Agent was coached, if in doubt, on how to handle a call to immediately ask for a sup assistance. If the sup determines that a hang up is in order then the sup will follow proper hang up procedures.
9979	09/04/01	21	Caller stated that agent lied to them by repeating that the line was busy. Stated they waited over 2 mins while the agent said the line was busy. Caller stated that they had called customer billing dept and that the billing dept had removed overcharges for busy LD calls.	09/04/01	Explained to caller that a complaint was filed. Advised caller that there would be no reason to remove LD charges for any LD calls that were busy because busy calls are not billed.
6530	09/05/01	1	Caller upset because agent did not respond for 32 mins. Caller stayed on for 45 mins and then hung up. Apologized and assured caller that I would forward complaint to supe.	09/06/01	Addressed agent regarding complaint. Agent states that the OB placed the customer on hold, agent sent holding macro and customer asked the agent not to use the holding macro. The agent says they were on hold for approximately 33 mins. The customer typed "I have been on hold for 32 mins that is not very professional" and then hung up. Agent followed customer's instructions as requested. Customer may have misconstrued the hold time as being an action of agent's?

3005E	09/06/01	9	Customer placed a CA Relay call through CA 9419M to East Bay Paratransit. Agent dialed the nbr and typed (recording playing pressing 3 hid) instead of typing entire recording. Agent then dialed to Fremont Hearing Services and also typed (recording playing) but did not type out the entire recording. Customer likes to get the entire recordings and greetings. There is nothing in his notes indicating he did not want the entire msg typed. Customer called back a few mins later and said another agent did the same thing but he did not have agent ID nbr. Thanked customer for calling and apologized.	09/06/01	Spoke w/agent regarding complaint and agent states that he did not type the recording on 1st call because the customer asked him to press option nbr 3 for CS. Agent also states that he didn't type the recording on 2nd call because the customer requested to speak w/a specific person. Agent followed customer's instructions & all procedures. If customer asks agent to request a specific person or press an option, the agent is not required to type the recording.
3005E	09/06/01	15			
3639	09/07/01	4	Agent 9548F & 9331 were changing agents and agent 9331 just left me hanging. Apologized to customer.	09/14/01	Spoke w/agents and they stated they were switching and there was a long pause. They were coached on the procedure and how to do so w/o long pauses or interfering w/call process. Both will be monitored by QA Dept to make sure they are following proper procedures.
3022E	09/08/01	7	Customer says agent typed nbr from DA incorrectly & customer was charged to redial to DA to get nbr again. Also, typing was sloppy & opr did not apologize. Thanked caller for letting us know.	09/14/01	Agent was addressed regarding complaint and agent stated that when they placed the call each time the recording was not clear, agent repeatedly offered to redial, but customer refused. Retrained agent on proper procedures to follow when dialling DA and making sure the customer is always in control of call. Will follow up w/QA scans & training.
3026E	09/08/01	4	Customer says agent did not type ans mach, just typed ans mach ga. Customer did not want to leave a msg or leave his voice on mach at all so he did not respond to agent and waited for agent to indicate that the mach had hung up. Agent kept typing ans mach ga, customer could not tell if the mach off or not. Then agent transferred customer to CS w/o notice. When customer connected to CS, he was totally confused and did not know why he was talking to CS. CS apologized to customer for agent error and suggest he try his call again and transferred him back to CA Relay.	09/14/01	Spoke w/agent & reviewed proper procedures for ans mach. Agent will be scheduled for refresher on ans mach procedures & will follow up w/wkly evaluations & retraining.

3024E	09/09/01	4	Customer placed a Relay call to East Bay Paratransit thru agent 9900M. The agent dialed nbr and typed "Thank you for calling E. Bay Paratransit CS line (recording playing)". Customer wants the entire recording typed to him. He is upset that the agent just typed (recording playing). CS thanked customer for calling and told him would pass complaint to agent's supe. Customer then requested transfer to agent who would type entire recording. Transfer completed.	09/20/01	Spoke w/agent & he stated that he followed the customer's request. The customer requested CS, the agent informed the customer that he had reached the business requested, sent (recording playing) macro then (holding) macro and listened for the CS option. Agent followed procedure. If a customer requests a particular person, extension or dept - the agent is not required to type recording. If the customer would like to hear the recording, he must inform agent of this.
3024E	09/09/01	15			
9508	09/09/01	5	Customer states that agent threatened him or her. Agent failed to respond to customer & agent hung up on voice party.	09/14/01	Spoke w/agent, she stated that it was a voice to TTY call. At the end of call, the voice person hung up. The TTY user wanted to place a call. The agent attempted to type back to the TTY user that she was unable to process her call because the voice person initiated the call, but the OB line disconnected.
9508	09/09/01	17			
10610	09/10/01	29	Customer had difficulty getting through to an 800 nbr. (complaint received via email to AM)	09/20/01	AM was not yet able to receive further info such as nbr calling from or when this happened, etc. She suggests that we try calling that nbr from our Sprint office and see if it goes through. I responded and thanked her for letting me know. Explained that this may be an agent's training issue and next time try to secure an agent ID nbr along w/date & time of occurrence. That would allow for further investigation to determine whether training or technical issue. Customer offered email address & will remember to do what AM suggested next time.
9546	09/10/01	3	Customer complained on agents. Demanded to speak to supe. I took call to find that this customer calls often and accuses the agents of lying, threatening, not typing verbatim, and charging them for LD calls. Apologized to customer.	09/10/01	This customer repeatedly calls w/same accusations against agents & supe. Complaints have been turned over to L. Pedroza to track complaints and make contact w/customer. Spoke w/AM regarding issue. AM will contact customer and is aware of his contacts w/CS.

9506	09/10/01	3	TTY user called the Relay to report agents, expressing feeling threatened and that agents were not typing verbatim or following instructions. Customer also stated that she feels as if agents were lying when they said the line was busy or no answer. I apologized to the TTY user and assured her that she should not feel threatened and that I was sure the agents had not lied to her but that we would look into it.	09/10/01	Apologized to TTY user and assured her that she should not feel threatened and that I was sure the agents had not lied to her. The TTY user did not believe me, got angry and disconnected. Agents were not present at that time and 2 were not active nbrs. The 2 agents we spoke to (CS) did not remember any type of call where the customer did not think they were typing verbatim.
3641	09/13/01	3	Caller said that he was talking to his girlfriend and asked opr to hld. Girlfriend claims that she was not advised of the hold and continued to type. When he returned, asked opr if she had told girlfriend about hold and opr said tht he did not ask her to do so. He said yes he did and opr responded with oh yeah is that right? and then "f--- you" and hung up.	10/19/01	CA remotely recalls this call. According to the CA thought he ahs mentioned something and CA continued to type what she though she heard and continued to relay tty conversation. CA didn't hear her coming back on line and comments made by the voice person were typed to the tty user. The OB tty has disconnected the call which was informed to the voice person. CA swears that she did not use such language and did not disconnect on the customer.
3051E	09/15/01	3	Customer came in to Relay CS saying "pls dial the nbr above". CS let them know they were connected to CS and was told that "I just called the CA but they transferred me to this line w/o my request " by CA 9359F. Customer had asked them to dial DA and ask DA for required info & was transferred to CS. CS thanked customer for calling in and let her know that this would be written up and forwarded to proper ctr.	09/27/01	Agent was addressed regarding complaint and agent states thatshe does not remember the call, and wouldn't transfer a customer unless they requested it. Informed the agent that if she transfers someone by accident or is not sure of the customer's request, call a supe to help w/the call, and fill out a CA feedback from. Will follow up w/QA scans & evaluations.
3051E	09/15/01	4			
3059E	09/17/01	17	"I made a phone call thru Relay & opr said person was rude, so I had my mom (who is hearing) call the place to talk w/a mgr. The mgr said she couldn't understand what the opr said so then the Relay opr yelled at her and became rude to her. The opr never said she was calling on behalf of a deaf person so the person who I was talking to was confused." CS thanked customer for calling in and let her know that a complaint would be written up and forwarded to proper ctr. CS also apologized for agent being rude to mgr.	09/19/01	Addressed agent concerning complaint and agent stated that the OB person's reception to call was not very good because she explained Relay twice and person said they understood, but were very impatient and spoke too fast and unclear and did not wait for TTY user's response. Agent also stated she was not rude to the OB and the OB did not allow TTY user to reach their party and was not patient w/the Relay call.

4389	09/17/01	21	Customer complained that CA didn't hang up immediately after customer typed GA. Customer was concerned about the LD charge on the bill.	09/17/01	I explained to customer that CA did right procedure by notifying OB that the caller was ready to hang up before the line got disconnected. I shared the info w/customer that as the caller says SK, CA will relay to OB & it may take a few seconds before OB will hang up and then CA would relay back to the caller. The charge for LD will be either if the IB or OB hang up first.
3066E	09/18/01	29	VCO customer complained that Relay agent could not hear him speak & has been having this problem recently. He said he only gets 1 in 7 calls that the agent can hear him. CS apologized to customer for problem and informed him a TT#04266451 would be opened. 4 test calls were performed and the FL agent could not hear customer but did see database & branding info. The other 3 were w/SD agents and they could hear him on the calls. Suspect problem w/FL ctr.	09/25/01	AM attempted to contact customer on 9/19 - no ans and on 9/25 reached customer via Relay. Customer said CS & tech have been helpful. He has trouble w/incoming calls and agents not able to hear him. AM replied she would get in touch w/tech. AM called tech who had already been in contact w/customer and had made test calls on 9/18, 9/19 & 9/21 and the tech was able to hear him and he was able to read the text. Will continue to test to be sure it does not happen in near future. AM faxed customer her nbr in case he needed assistance.
1582	09/18/01	8	Opr did not speak clear English. Voice party could not understand. When customer asked agent some questions regarding whether agent speaks English, do they have heavy accent & what was opr's nbr, opr did not answer. Felt policy should allow opr to answer all questions.	09/18/01	Thanked customer for her comments & assured her that her concerns would be addressed w/CA. Explained customer was correct, the agent should give ID at any time, but also explained that since Relay was still connected, the CA could not answer other questions. (We had allowed an agent change in middle of call) Assured her that her concerns regarding policy & hiring procedures would be forwarded to Sprint & the CA Relay AM.
9621	09/18/01	5	TTY customer said agent hung up on me when I gave the toll free nbr to call. Apologized to customer and let her know that the complaint would be forwarded to QA Dept.	09/24/01	Agent did not remember this particular call, however agent was coached on the proper procedures of disconnecting a call. Agent should never disconnect a call, should call a supe if there is no response from customer & the supe will handle the situation. The agent will be closely monitored by the QA Dept to make sure he is following procedures.

10608	09/19/01	24	Customer left email stating there is still a problem connecting w/Sprint Relay via ASCII line.	11/08/01	AM responded asking several questions in order to try to further investigate issue. What was provided on email was insufficient to be able to solve issue. AM had contacted customer and provided settings to connect via ASCII line. AM, P. Gallant, will also help customer and try to solve issue w/more info - if provided by customer. (per C. Bella)
9983	09/19/01	21	Caller stated that agents do not give enough time for senior citizens to get the nbrs they wish to call.	09/19/01	Supr coached agent on using alternate methods to assist customers that need extra time. Agent will be evaluated on a wklly basis by the QA Dept to ensure that the agent is remaining professional and patient w/all customers. Agent will also have follow up training on phone etiquette. Supr offered to add a note to CDB notes informing agents that caller types very slowly, at which time customer became upset w/that comment.
10606	09/20/01	21	Customer left msg in regards to issue that oprs such as 9502F disclose the nature of the tones. This opr declined to give reply saying that she didn't have the info so she asked the supr. Supr responded to question and said opr make it out as she said the tone was not obvious so regardless how it came out she should be explicit. Oprs are not allowed to give responses after calls have been hung up. It does not make sense since the party should not be burdened to be on hold while I ask the opr for the nature of the tones. Customer requested reply be faxed.	09/27/01	Spoke w/agent regarding complaint and agent states that a customer asked her if the OB sounded sincere. Agent responded that she did not have that info because she couldn't tell if the person sounded sincere or not, she then called for supr assistance. Agent followed procedures. Agents are not able to decipher sincerity from a person's voice tone.
3077E	09/21/01	17	Customer felt that agent was rude and impatient. CS apologized to customer explaining that agent's are trained to be courteous to all customers. Informed him that the agent's supr would be informed and agent would be coached. CS also explained that agents are trained to not engage in conversation w/callers and that when an agent does not respond it is due to the fact they are not a part of conversation and sometimes that is looked at as rude.	09/25/01	Spoke to agent regarding this complaint, agent stated that at no time was she rude to the customer. Agent says she called a supervisor after the call was completed bec the customer began to complain during the call. Informed the agent that if a customer begins to complain during a call it maybe helpful to request a supervisor's assistance before the call is completed. The supervisor will be able to review the call to see if proper procedures were followed. Also coached the agent on voice tone, following customer instruction and relaying verbatim.

3082E	09/22/01	35	Customer did not request to be transferred to CS and also had couple of issues that she wanted addressed: 1) CDB notes request female CA handle calls (customer frequently encounters males & has to wait for available female CA) and 2) Macro indicating change of agents needs to have GA added to indicate TTY user's turn to type.	09/26/01	AM spoke with this customer and discussed these two issues. I explained how changing agents work and apologized for the wait. And secondly, thanked her for her suggestion on adding 'GA' on the macro.
3084E	09/23/01	24	Customer unsuccessful in using E-kit calling card. CS informed customer that TT#04284570 would be entered and suggested option of calling collect in meantime.	09/23/01	Closed - no phone nbr to call customer. Tech had tested the system and finds no problem with sprint relay. It may be a local problem or the calling card.
6553	09/23/01	21	Customer was upset because CA would not tell her if something in the conversation that was typed in parenthesis was to her or said to someone else. CA typed that Relay no longer has that info.		Explained that the CA was following procedure - once the OB has disconnected, Relay does not have that info. Explained to customer that she does have the right to try to interrupt or ask during call.
3099E	09/26/01	26	VCO reports garbling when she calls into Sprint CRS. Has had Ameriphone VCO phone checked out and no problem found. When she calls CS the answer macro is not garbled. Request contact from AM. Advised customer that TT#04299906 would be entered and apologized for problem.	11/27/01	AM called 10/25 9:30a - no answer. AM called 10/29 4p busy signal. Tech attempted to contact customer 10/1, 10/2, 10/4 - not available.
9749	09/26/01	3	Caller stated that he had asked the agent to ask for specific person. When the phone is answered the agent just typed "F" Hello GA. He felt that the call was not properly announced or that the agent did not keep him properly informed.	10/01/01	Spoke with agent regarding this call, agent states that she did not remember the call, however agent was coached on following the customers directions and keeping the caller informed. Agent was instructed to always inform the customer when she is asking for the requested party. Agent will be monitored by QA Dept to make sure she is following call procedures.
9749	09/26/01	4			
3105E	09/27/01	24	Customer's incoming calls are not connecting properly. When CS asked how he knew they were Relay calls, he said his friend was to call thru Relay and couldn't connect. CS asked for her nbr so she could be called to discuss problem she experienced. Customer stated he did not have her nbr and CS could look it up. (her nbr was not published) CS suggested customer call AM and offered nbr, but he refused. CS told customer they would look into problem.	11/30/01	3 attempts to contact customer. Test calls were done and everything was fine. Tech called several times and left msg but he has not heard back from customer.

9172	09/28/01	17	TTY user stated that agent 9084F messed up the long distance call to a government agency and threatened the voice and the tty user. The government agency is aware of the problem and the tty user is very angry and upset. I apologized for the inconvenience and informed the customer that I would forward this information and have this investigated.	10/01/01	Spoke with agent regarding this call, agent did not remember this particular call and stated that she has never threatened a customer. This customer calls repeatedly making complaints that the agents and supervisors are threatening hm/her.
9657	09/28/01	17	Customer asked agent if outbound customer hung up. Agent replied by sending macro. The tty customer said "no did they hang up?" Again agent responded by sending same macro. Customer got mad and requested a supervisor because he felt that was rude. I apologized to the customer and assured him that we will speak with the agent and make sure that this does not happen again.	10/02/01	Spoke with the agent regarding this complaint. The agent states that she sent the macro the second time because she thought perhaps the customer didn't receive the text or it was garbled the first time it was sent. The agent followed proper relay procedures, however agent was informed of a more courteous way to handle the situation, simply answer the customers question with a yes or no and GA
9750	09/29/01	5	Customer stated that agent disconnected them. I apologized to the customer and informed them that we would follow up on this incident.	10/02/01	Spoke with agent regarding this complaint. The agent had no recollection of this particular call, however the agent stated that she did receive a series of "ghost calls" on the day in question, and he requested supervisor's assistance. The agent also stated that he would never disconnect calls because he is aware of the consequences. the agent was encouraged to fill out a CA feedback form in the event of tech difficulty so the problem can be fixed.

9808	10/03/01	3	Customer stated that he was calling long distance and asked the agent to hang up if she reached voice mail. Agent did reach voice mail but did not hang up and typed the voice mail message. Customer told her to disconnect the line again and agent hung up. I apologized to the customer and informed them that the complaint would be followed up on.	10/04/01	Agent says customer disconnected. Agent admits to typing the message because she did not understand or hear the customer say not to type the message. Agent was coached on following the customer's instructions and was also informed of the severity of disconnecting a customer. Agent will be monitored to make sure she is following procedures and not disconnecting calls.
9808	10/03/01	5			
9763	10/03/01	5	Agent didn't respond after I was waiting for agent to answer me. Somehow the phone was disconnected or hung up on me. I would like a call back promptly to tell me why agent hung up. Apologized for the inconvenience and info would be forwarded to the proper dept for a follow up.	11/17/01	Supervisor spent several days trying to call Mr Mason to resolve the complaint. Supervisor explained that a technical issue may have been at work on this call, creating the situation where he was hung up on. Supervisor explained that it may have been do to an ASCII search or locked up keyboard. Supervisor apologized for poor service. Customer accepted apology.
3143E	10/04/01	9	Caller said agent only typed ans mach playing - waiting for opr - instead of typing out content of recording. CS apologized to caller and assured him that complaint would be sent to agent's supe.	10/08/01	Agent states that she did not type the recording because at the beginning of the call the customer requested that she wait for a live opr. To answer. Agent was just waiting like the customer asked. Agents are not required to type the recording if customer ask them to wait for opr or press a specific extension
3145E	10/04/01	21	Customer called in asking if it was true that Sprint CRS was going to have free LD for calls placed thru our service until 10/1/02. Told customer that that is true. Customer complained that agent told him that was not true. CS apologized to customer and reassured them that it was true and thanked them for calling.	10/04/01	Agent says that customer asked if long distance calls using Sprint CRS to call throughout USA was free, and he responded no. Procedure was clarified to the agent. Agent was receptive and understood.

3135E	10/04/01	21	Customer called in to report that he dialed 711 and it went to Sprint CRS and it is suppose to go thru MCI CA Relay. I thanked customer for calling and suggested he call the local telephone co to let them know. The LEC must have routed 711 to our 800 nbr instead of MCI's. Informed him the LEC's are the ones who set up 711. He then told me to inform agent of this as she had told him that 711 was suppose to go to Sprint. CS thanked customer for calling, apologized & stated agent would be informed. Customer's LEC is MPower.	10/04/01	Spoke with agent regarding this complaint and agent admitted to informing the customer that 711 should be Sprint then offered to transfer to CS. Agent was informed that she should have only transferred the customer upon his request. Agent was apologetic and understood what she'd done wrong. Agent will be monitored to make sure she is following procedures.
9931	10/09/01	21	Customer was upset because the agent left customer's message without waiting for GA because customer made a mistake and we may decide not to leave the message. I apologized for the inconvenience and stated I will forward it to the proper dept for follow up.	10/09/01	Upon speaking with agent regarding this call, she admitted to redialing and leaving the customer's message prior to the customer's GA. Coached agent on proper proecedures for redialing and leaving messages. The agent was able to demonstrate the procedure on a test call, however reinforced the procedure again with the agent and also informed her of the importance of keeping the customer informed.
3171E	10/10/01	6	Customer said this agents spelling was all twisted and bad and to check this agent out. Thanked the customer for calling and apologized and said I would forward this to the agent's sup.	10/11/01	Agent does not remember this call. Agent was informed that misspellings and inaccurate typing confuses the customer. Agent was coached on paying attention to what's being said and to ask for spellings if he is not sure of them. Agent will be blind monitored to make sure he is following procedures
1613	10/15/01	5	Customer was upset because the CA hung up on her. She called and asked for a 800 number to be dialed and before it was dialed out the CA disconnected. Customer was very upset and wanted to know why CA hung up on her. Apologized to the customer and told her that I would fill out a complaint and the CA's sup would folow up with her. Asked if she wanted CS to follow up with her and she declined because she would be out of town.	10/17/01	Agent does not remember this call and notes that it could have been an ascii look up where CA did not receive the number. CA understands all calls must be placed when received and would not disconnect a caller.

3199E	10/16/01	21	Customer called in and said that the agent gave confusing info. He mentioned something about the agent telling him that the outbound hung up and the agent said sorry. He wasn't sure why the agent said sorry unless they did something wrong. He doesn't understand why the agent used the word outbound instead of something like your party or something like that. CS rep apologized to customer and told him I would write up the complaint and forward it to the proper center	10/17/01	Agent was able to tell me what transpired on this call. She said this customer was a VCO customer and this customer became upset when the voice person, who was unfamiliar with relay, hung up before the customer could respond. Agent informed customer that the voice party had hung up by typing outbound party disconnected. This is what cause the customer to become confused because he was not sure what outbound meant. I informed the agent that she should have sent the macro that said person hung up GA rather than typing manually to the caller. Agent was coached on the importance of adhering to proper procedures.
3205E	10/17/01	17	Customer was upset because agent 9318M did not notify her that he took over her call. When customer asked for clarification that he should have let her know he repeatedly just said ok. Customer felt agent was being a smart aleck and asked for his sup. Agent transferred customer to CS without customer's consent. Customer was upset about being transferred also. CS rep apologized about the problem and assured her this would be forwarded to the center and customer requested that the AM call her.	12/18/01	12/3 left message with my tty nbr. 12/5 left message with my tty nbr. 12/8 apologized for the inconvenience and she began to complain about foreign accents and does not understand why sprint hires opr who does not speak English well. Goes on to explain that her hearing friends tell her opr are hard to understand. I explained that we need a specific agent id nbr to be able to identify and address these issues appropriately. she says the hearing people don't report or memorize the id #'s. She says she is tired of this and been using relay 25 years. feels as if she suffers along with other deaf customers.
3204E	10/17/01	6	Customer called to complain about an agent he had on a previous call. He tried to find the id number in his records, but could not find it. 9889	10/17/01	5	Customer states that when he calls his mom (vco user) the agents never get it connected then hang up on him. I asked the caller if his mom is a vco or tty and it was said that she is a vco user. I plugged in on his call that we processed and his mom just answers hello this is.... She does not say GA or vco or any identifying remarks. I told the customer that I would make a note of his complaint.	10/17/01	I assisted agent on this call. The customer did not give any particular agent nbr. I advised the customer that he could let the opr know that his outbound party is a VCO user that would assist the opr in setting up the call without confusion. The customer agreed to do so.
3213E	10/18/01	3	Customer complained that the agent did not retype the ans mach message after instructing the agent to redial and leave a msg. Sup informed that customer that agent did what agent was supposed to do. Customer was upset because how do they know they reached the right ans mach. CS rep explained to the customer that the ans mach do not allow time to TYPE the entire message before they hang up and that procedure allows for the second call with out charge. Customer says he expects the agent to type the entire recording everytime and leave his message. He also says he has been charged for the call backs to ans mach. I told him he needs to bring these to our attention so they can be credited. I also offered to put note in the database instructing agents to type the entire message everytime; he was agreeable to this and it has been done. Customer refused to give last name, he does want the AM to contact him.	12/27/01	Customer does not want Am to contact him.

10611	10/18/01	30	Customer is fed up with FL agents who are not aware of CRS providing free long distance. Customer is upset since agents threaten to charge her long distance and the agents always asking what long distance company would she like to use.	10/23/01	AM contacted the customer and apologized for the confusion. AM informed her that a TT would be entered since the agents should not have to ask which long distance she would like to use. AM took down the numbers that she was calling from and to to further help the techs look up this info. AM also suggested that her database COC LD sprint should be removed and left blank as another way to prevent Agents from asking these questions.

3222E	10/21/01	9	Customer called to let us know that agent 9356 did not relay what the answering machine said, she just typed (answering machine playing) ga. CS rep thanked customer for calling in and let him know that I would type this up and forward it to the appropriate center. CS rep also apologized for the inconvenience he experienced.	10/23/01	Agent states that she did type the recording on the first time but when they redialed a second time she sent the macro ans mach playing. According to agent's description procedure was followed but agent was coached on the importance of keeping the customer informed by always typing everything verbatim. Agent will be monitored by QA dept
3233E	10/23/01	17	Customer states that this agent and sup (Darcy) were very rude to his wife when she called to place an 800 number call. They kept demanding she give them her home number and she became confused and upset. They were both so rude. They have never asked for this info before. CS rep thanked the customer for letting us know. Let him know that we did not know why the agent and sup asked for the home number but that we would turn in the complaint so that it could be investigated further. He was reluctant to leave his name and number when asked also let him know that this info would be kept strictly confidential.	10/26/01	Spoke with sup and he stated that he asked for the calling from number because it did not appear on the screen and calls cannot be processed unless that info is given. Spoke with agent and she too stated that there was no calling from number and the system would not allow her to process the call without that info. Customer got angry and requested a sup. Sup and agent followed proper procedures
10614	10/23/01	21	TTY customer complained that the agent are not relaying correctly what she is saying to the state agency and preventing her from reporting Sprint to these officials. Informed customer that I will investigate the problem and apologize customer for causing inconvenience	10/26/01	Agent does remember processing this call and she informed me that after connecting to a state agency, the caller complained about Sprint overcharging her for long distance. The caller typed a very long message to the voice customer voicing her dissatisfaction with FL opr. She then asked the voice customer to repeat what she had said. The voice customer told the opr that there is nothing she can do about that and that the caller probably needs to contact Sprint long distance. After relaying that the info to the caller, she accused the agent of not relaying her message verbatim. Eventually the voice customer hung up and the (person hung up) macro was sent. Caller became furious and informed the agent that she was going to report her for hanging up her call. Agent alerted a sup. Based on the info the agent followed procedures.

Informed customer that I will investigate the problem and apologize customer for causing inconvenience.	10/26/01	Agent does remember processing this call and she informed me that after connecting to thesenator's office the caller complained about Sprint overcharging her for long distance. Agent relayed the caller's message verbatim and the caller asked the voice customer to repeat everything that the opr had said. The voice customer could not remember everything said so she paraphrased what the caller said. Caller became upset and accused the agent of not relaying her conversation verbatim. Voice customer informed the agent that this had absoulutely nothing to do with her and eventually hung up. Agent sent the person hung up macro and tty user accused the agent of threatening to hang up on her. Agent tried to explain why the voice customer had hung up but it was to no avail. Caller stated that she would report the agent for threatening to hang up her call. Based on the info provided the agent followed proper procedures. Encouraged the agent to notify a sup next time and fill out a feedback form.
10613	10/23/01	30	Customer is upset because the agents are constantly asking for the long distance coc when it it supposed to be free for one year. He told me that he had done that and the CA transferred him to CS. She had asked him if it would be alright to transfer him to me, but did not tell him why. she also had not tried to call DA for him before transferring him to me. I thanked the customer for calling in, let him know that I would forward this to the proper ctr and apologized for his inconvenience at having to call back to relay to try again to get the requested nbr.	11/19/01	addressed agent regarding this call. Agent is just out of training and states that she forgot how to process DA calls, and assumed it was okay to transfer the customer to CS for assistance. This agent was referred back to the training department to be re-trained on how to process DA calls. Agent will be closely monitored by QA dept to make sure she is following procedures.
3345E	11/19/01	2	customer called to say " I want to file a complaint it happened on 11/14 at 5:15p and it was agent 9622M. It is not complaint against agent (I think) because the agent asked me (what is your carrier of choice?) and u know CA provides special promotion free LD effective 10/1/01 and wanted to know if it was an agent or system error. It surprised me. RCS: I do apologize for this we have some new agents that might not be aware of promotions i will let this agent's sup know so that the agent can receive some coaching/training in this area. I will let trainer know so they can make an issue of this problem.(RCS did check the database and this customer has Sprint as their COC)	11/27/01	Spoke to agent regarding this call. This is a new agent and he stated that he forgot how to process this call. Agent was coached on the proper procedure to follow and encouraged to request a sup assistance if he is unsure of how to process any call type. Also agent is being sent back to training fo call processing follow up.
3349E	11/20/01	7	Customer did not have any agent numbers to report, but wanted to report that many agents are disregarding her notes that instruct the agents to type 50 wpm only. She also said many agents have poor typing accuracy. I apologized for inconvenience. I told the customer I would type the complaint right away and forward it to the Am for review since ther weren't any agent id nbrs. I advised the customer to keep track of the agent id nbrs so that these issues can be dealt with more efficiently and she agreed to this.	11/29/01	Left three messages in attempting to reach customer. Has not heard back from them.
3353E	11/23/01	2	Complaint was that agent was typing faster than 50 wpm. Customer has notes saying set typing speed at 50wpm. Caller said she asked agent to slow down it helped for a few words then it was fast again. Caller says she has headaches from trying to read too fast typing. she says many agents do this and do not read the notes. Apologized to caller and let her know that i would send the complaint to management and email training mgr to address this issue.	11/24/01	Addressed agent regarding this complaint. Agent did remember handling this call and states that she did adjust the speed to 50 wpm by pressing keys to get the desired speed. The agent demonstrated that she knows how to change the transmission speed. The agent was coached on the importance of following the customer's instructions. The QA dept will continue to monitor the agent.

11057	11/26/01	30	Customer got a bill and got charged for using Sprint CRS? I asked if she could send the bill to me via fax. She said she would today for me to review. It will help me to determine what it is.	11/28/01	this customer called back on my tty and left msg today. 11/28/01 at 9:10a. Customer discovered that her tty is programed to the mci nbr after all so from now on I will type the sprint nbr in when I make LD calls. Thank you for your help. I returned her call and thanked her for calling and I offered to send materials such as sticker, pen etc
12002	11/26/01	30	Placed a call on 10/14/01 at 12:41p and contacted Sprint CRS. Agent 9538F handled my call and asked me how would you like your call billedQ. Left message with AM	11/29/01	Addressed agent regarding this complaint, however she states that she didn't remember this particular call. She stated that at the time she was unsure of what to do. Informed the agent that she needs to call a sup to assist her if she is in doubt of how to process a call. agent also attended a ctr wide refresher on how to process free LD calls for CA. Agent will be monitored to make sure she if following procedures.
4469	11/27/01	21	CA relay ascii user complained that CA 4947 did not automatically choose the option for english language in an automatically. Choose the option for englis in a automated system for this user. User's reasoning isthat this shouldbe sprint policy as (1) user is typing to relay in english. (2) user dialed the english ph # for relay, not the spanish relay ph #	11/27/01	I apologized for the frustration and acknowledged the rationale. I explained that policy is to avoid making decisions for our customers. I gave the toll free # for customer service for a more detailed explanation.customer was satisfied. CA 4947 did proper procedure.
3370E	11/27/01	3	The customer was making a call thru relay and the nbr I called the opr told me the phone is having errors, so I asked her to call again and she said the same thing, the phone is having errors. Then I asked what kind of errors? She said annoying. Ithen called MCI CRS and they said it sounds like a fax machine. I'm not sure if the opr listened closely enough or what, but I don't like the fact they say the call sounds annoying, I think its rude. the nbr that lam calling is xxx xxx xxxx. I tried to dial the nbr from CS and it rang correctly the first ring then it went to an unusual ringing pattern, but I don't believe there was anything wrong with the nbr. i let her know that I would get this complaint written u p and forwarded on to the proper ctr. I also apologized for her inconvenience at having to call so many places to get her call thru and instructed her to let the agents know what I suspected about the ringing pattern.	12/05/01	agent was addressed regarding this complaint. She states that when she typed"annoying" it was an attempt to describe the tones being heard on the outbound line. Informed the agent that "annoying" is not an acceptable as a descriptive word when relaying. Agent was advised that she could have used loud tone or loud noise to inform customer of what was heard. Agent will be monitore to make suer she is following procedures.

11058	11/27/01	30	Customer stated I got a bill and got charged using Sprint CRS. I asked if she could send the bill to me via mail. She said she would be happy to do so, for me to review. It will help me to determine what it is.	11/28/01	This customer called back on my tty and left msg today 11/28/01 saying I am embarassed to tell you that I discovered that my tty is programmed mci nbr after all so from now on I will type the Sprint nbr in when I make ld calls. Thank you for all your help. I returned her call and thanked her for calling and I offered to send materinals such as sticker , pen etc.
3382E 6643	11/29/01	21	Customer placed a LD call through Sprint CRS. At the end of the call the customer asked the agent (customer couldn't remember id nbr) if they would get the free LD promo for CA customers. The agent said, oops, I forgot to override it. You'll have to call CS to get credit. Customer was uspsed that the agent didn't process it right and that they would have to do follow up to get credit. Customer also wanted to know if their son who lives out of state could get free LD too. i apologized that the agent gave misinformation. I explained that the agents don't do anything differently and that our system automatically recognizes the promotion and the customers will not be billed. The customer had not yet received any bill, so I told them that they shouldn't get any bill, but if there were any LD charges for calls placed after 10/1/01 through Sprint CRS to call me back and I will be glad to assist. I advised that we have not yet had any customers get charged in error. I also explained that it does not matter if the call orginates or terminates in CA as long as the customer uses S	11/29/01	Not suffient info to research or no customer info to call back. No agent ID number to follow up.
11059	11/29/01	24	Customer contacted me yesterday, wed, 11/28/01 between 4p - 5:30p the vco 800 line was showing busy for the past one hour. Am tested it after I received the info and it went through fine. I would pass it to the tech to investigate during the date and time on why it was showing busy. thanked for bringing it to my attention.	12/21/01	TT 04559914 problem was not duplicated - techs tried testing it and it went through fine.
